STATEMENT OF INTENT

Faurecia Automotive Seating Canada Ltd. Bradford Plant is concerned about the environment in which we design, develop, manufacture and assemble seat mechanisms/systems for the automotive industry. With these activities in mind, Faurecia states its commitment to ensuring a CLEAN environment related to operations.

OBJECTIVES OF THE PLAN AND TARGETS

Faurecia prides itself on technological innovation in order to produce high quality products in an environmental responsible manner. -At the decision of the company to close the facility, equipment will be removed from the location. The plan to reduce equipment, therefore emissions, will begin January of 2014 and continue until the closure of the facility in June 2015.

FACILITY DESCRIPTION – Description of why PM2.5 and PM10 is used and/or created

PM10 and PM2.5 are created at the facility during welding, painting and natural gas combustion activities.
PM10 and PM2.5 are not used at the facility.

DESCRIPTION OF OPTION TO BE IMPLEMENTED (OR RATIONALE FOR WHY NOT)

Faurecia will look into future technology and continue to improve its processes so less PM2.5 & PM10 to be created. No option is identified to be implementable at this time.
